SMOKER CRAFT

America's First Family of Boats

**BUILDING THE BEST
FAMILY BOATS IS SIMPLY A
MATTER OF TRADITION**

Byron Smoker
Byron "Barney" Smoker

SMOKER CRAFT

We're all familiar with entertainers for whom performing is a family tradition. Though we at Smoker Craft may not sing or dance very well, we understand the family tradition part perfectly. As America's First Family of Boats, building family pontoon boats is a tradition we're proud to continue.

Families figure into everything we do, from our business philosophy to the boats we build. We design our boats to be as safe and family-friendly as possible, because we want your entire family to enjoy them as much as we do.

You'll find everyone has room to stretch out or haul in a prize catch, because there's plenty of space inside your pontoon. Comfortable, spacious seating units make it easy for you to find your favorite spot to relax, soak up the sun and enjoy the view. And even with the whole crew on board, there's more than enough storage space for all your gear.

Your Smoker Craft pontoon is also a visual treat. The vivid colors and stylish graphics create a warm, contemporary look that will make you feel right at home. The interior, with handsome Alpha carpeting throughout, is both easy on the eyes and easy to clean.

What you don't see, though, is just as important to your family's safety and enjoyment. Like separate bulkheads with drain holes at every seam for smooth sailing.

Aluminum cross members every 24" for solid deck support and structural integrity. Decks that are bolted, not screwed, to the cross members for superb strength. Floors made with specially treated wood for long-lasting protection.

We also send each boat through a demanding inspection process to ensure it's built right and built safe. For example, our pontoon tubes are thoroughly leak tested, and welds, seals and other critical areas are carefully scrutinized to make sure they're airtight. Most importantly, we back our boats with a comprehensive 10-year limited warranty to give you and your family complete peace of mind.

For over 30 years, it's been our family tradition to build a complete line of top-caliber, affordable family boats. We've been pretty successful at it because we pay attention to what families want and need in a boat. We've remained an independent, family-owned company because it allows us to build boats you can enjoy, not what someone thinks you'll enjoy. And since our family name is on each one, we work harder to make sure they're built right.

From the practicality of flip-back seats, to the plush comfort of our L-group sofas, you'll find Smoker Craft boats fit nicely into your own family tradition of boating enjoyment.

And that's a **TRADITION** we're happy to continue.

GET ALL DECKED UP

Pontoons are made for relaxing, and what better place to relax than the sun deck? They're available on most models, so you and your family can enjoy the view, soak up some sun or simply lie back and watch the world drift by.

OUT OF SIGHT

You'll find plenty of room to store all your cruising gear and supplies onboard your pontoon. Just lift up each seat cushion and pack it away; everything will stay dry with our Roto Cast furniture. Several models feature built-in cooler storage in the console for your favorite picnic items.

EXTRA WIDE COMFORT

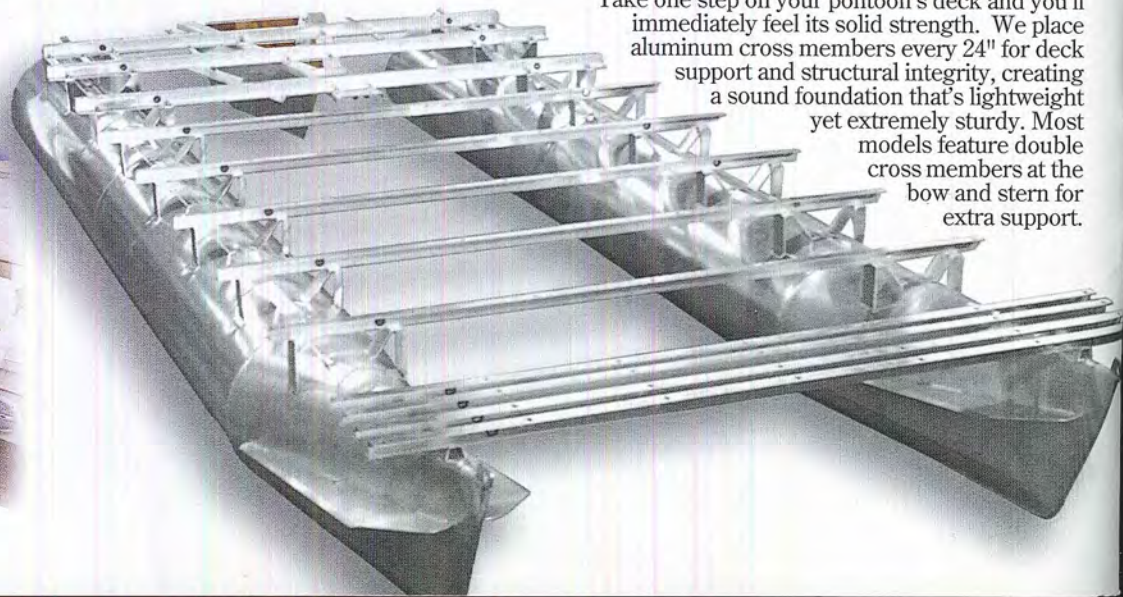

Take command in comfort with our double barrel chair. You'll enjoy plenty of relaxing elbow room as you guide your crew around the lake, or you can have the first mate join you for a more enjoyable cruise.

The **BEST** of **SMOKER**

YOU'VE GOT OUR SUPPORT

Take one step on your pontoon's deck and you'll immediately feel its solid strength. We place aluminum cross members every 24" for deck support and structural integrity, creating a sound foundation that's lightweight yet extremely sturdy. Most models feature double cross members at the bow and stern for extra support.

STOKER CRAFT

HERE'S OUR GOOD SIDE

Highlighted by stylish, eye-catching graphics, the baked-on enamel paneling is on the outside of the railings for a smooth, pleasing appearance. The 1 1/4" railings are anodized for years of gleaming strength and support. Completing the clean lines of your pontoon is the extruded side trim, which also secures the floor.

TOW BAR, TOW GOOD

Enjoying your pontoon on the water is easy; towing, putting it in the water and pulling it out are also easy with this hardy tow bar. Anchored firmly to the aluminum cross members, the tow bar effortlessly handles the strain of trailering and towing.

A GREAT CAST

We make each seat a treat. Nearly all our pontoon seating units feature durable Roto Cast plastic that stands up to the elements season after season, giving you a dry storage area. Thick foam padding provides long-lasting comfort and shape-holding firmness, and our high grade marine vinyl will keep its attractive brightness for years to come.

THE FLOOR IS YOURS

You might say our floors are ruggedly handsome. We start with strong, pressure-treated XL50 plywood for a floor that won't warp or rot. The floor is thru-bolted, not screwed, to the cross members for a powerful hold that lasts for years. Finally, seamless, durable marine carpet in several family-pleasing colors will give your pontoon long-lasting beauty.

KEEPING YOUR DREAMS AFLOAT

You'll enjoy a safe, smooth ride with our heavy-gauge, etched pontoon tubes. Each section contains a separate bulkhead with drain holes at every seam, ensuring your pontoon will stay afloat even if a section is punctured. Welding each section forms a durable, watertight tube for years of boating fun.

HIGH CLASS HELM

Piloting your pontoon is a breeze with our well-laid-out consoles. The gauges are easy to read, with all switches and buttons right at your fingertips. Mounted binnacle controls provide smooth speed control, and the large, stainless steel steering wheel turns easily.

ALL THE COMFORTS OF HOME

You and your family can comfortably cruise all day long. Some models are available with a Porti-Potti/Changing Room, so you can enjoy an extended picnic on the lake, or change into your swim suit for a refreshing dip.

WALK RIGHT IN

Have a "swing-in" time onboard your pontoon. All gates swing in for both easy boarding and added safety. Sturdy aluminum gussets at the openings provide extra strength and reinforcement for each door.

A NOSE FOR BOATING

Enjoy smooth sailing as the sharp edge of each nose cone knives cleanly through the water, while the nose cone fins deflect spray away from your boat. Lift eyes make towing and trailering easy. A rigid, 3/4" aluminum skid bar runs down the front of the cone and along the bottom of the tube, providing protection when beaching, trailering or setting the boat down. Some models include welded front caps for extra strength and tube protection.

CAREFREE

Vacation cruises daily...

Taking your family on a relaxing, affordable and safe vacation is easy; just steer your Smoker Craft pontoon away from shore. You and your family can quietly watch nature at play, soak up some sun or just let the breeze gently nudge you across the lake. You'll enjoy the serene satisfaction of taking your sweet time to do nothing at all. When you set sail in your Smoker Craft pontoon, a world filled with chaotic commotion is left behind, while your world is filled only with smiles.

...no reservations needed

SMOKER CRAFT

SMOKER CRAFT

What could be more special, and fill us with more pride and contentment, than watching our families grow?

Whatever happiness our own lives may bring, nothing will be so precious, so fulfilling, as the deep, heartfelt joy of seeing our children become adults.

And when they've grown and become parents themselves, we watch the grand cycle continue from a new perspective, one of wisdom and hard-won experience. We continue to offer guidance to our own children, and we also provide their children with priceless insights so they, too, may learn about life and family...just as we learned from the generations before us.

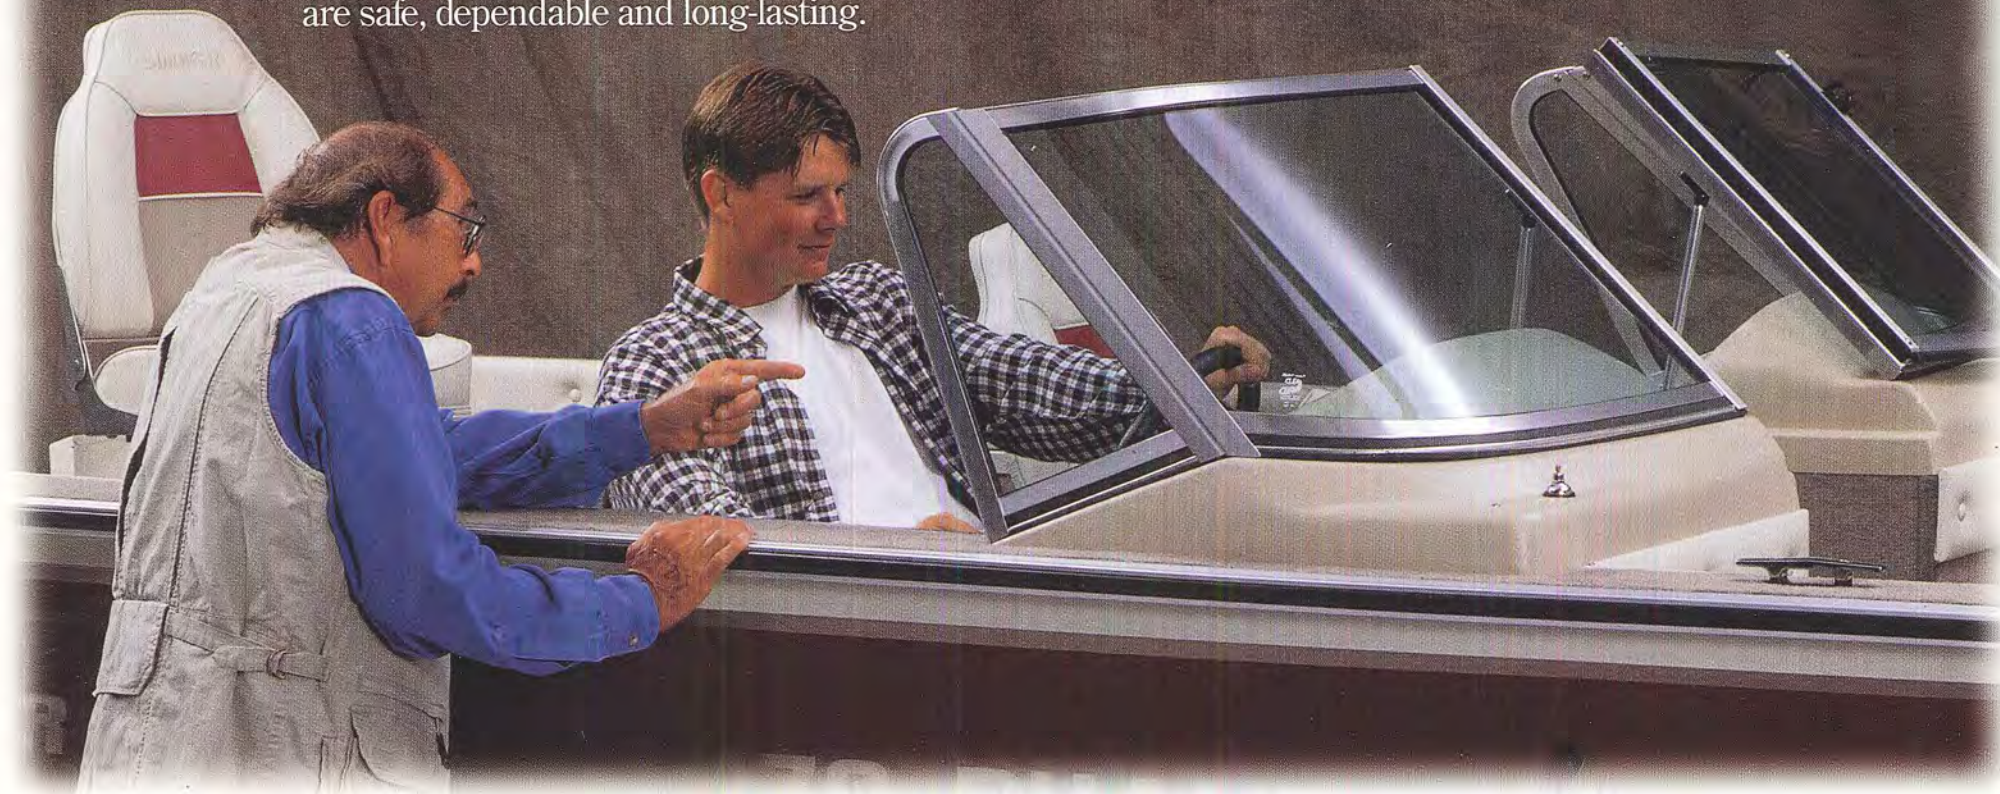

As you know, families mean everything to us. We couldn't imagine running our company any other way except as a family. It serves as a constant reminder of the importance of building affordable family boats that are safe, dependable and long-lasting.

For over 30 years, we've watched with great satisfaction as our small family company grew steadily into one of the leaders in the boating industry; growth accomplished with the wisdom and experience gained over time.

We've also watched as our families have grown during that time, the generations blending easily with one another, the insights of the years shared and treasured. Just like the pair you see here: company founder Barney Smoker and his grandson, Tim, son of our vice president, Doug Smoker.

Family. That's what we are, what we all are. And that's the greatest accomplishment of all.

America's First Family of Boats

America's First Family of Boats

Visit your nearest Smoker Craft dealer today to see our full line of aluminum boats for you and your family, or call us for an aluminum boat catalog.

10-YEAR LIMITED WARRANTY

At Smoker Craft, quality and reliability are built into every boat we make. All of our aluminum boats are backed by a 10-year floor warranty. Over the past several years, we have experienced tremendous growth. We know this would not have been possible without high quality products and satisfied customers. Keeping you satisfied will always be our highest priority.

ACCESSORIES

Smoker Craft offers a wide range of accessories which add function and versatility. Live wells, windshield accessories, side steering consoles and swivel seats with arms are fishing boat accessories available separately. Mooring covers and pontoon furniture covers are other selections available. Don't forget Smoker Craft jackets, shirts and hats to complete your outdoor wardrobe.

The specifications of any Smoker Craft boat are subject to change without notice. Optional equipment is shown in some photographs in this catalog. Please confirm standards and options for all models with your dealer. Information on the Smoker Craft warranty is available upon request. Please direct all inquiries to the Smoker Craft corporate office, New Paris, Indiana.
